7th Annual ETOT LONDON

Energy Trading Operations
& Technology 2015 Summit

4-6 November
Grange City Hotel, London
www.etotsummit.com

In its 7th edition, the Summit will gather the energy trading sector to discuss ways of improving efficiency in back office and operations. Dedicated presentations, case studies, and panel discussions will look into **automation of key back office processes**, optimum **collateral management**, the **clearing landscape**, the rise of complex products and consequent implications on **processes and technology**, **trade surveillance**, and many more.

FOCUS AREAS:

BACK OFFICE
TECHNOLOGY
REGULATIONS
