Following the success of the *Oil Trading Risks 2014 Summit* last October in Geneva, IRN is delighted to launch the **Oil Trading Risks Middle East & Africa 2015 Summit** on **2<sup>nd</sup>-3<sup>rd</sup> June in Dubai, UAE**. This high level Summit will look closely at the downstream challenges faced by oil trading companies specifically in the **Middle East and Africa**.

While political and operational risks are the most visible ones, the

awareness around market risk, counterparty risk and financial risk needs to be enhanced.

Traders, Heads of Trading and Financial Managers, as well as Global Heads of Risk, Credit Risk Specialists, Market Risk Managers, and Financial Risk Practitioners will share their experience of risk management in the region with the audience during focused Presentations, Case Studies, and Panel Discussions.

The Summit will look into each of these critical areas, giving practical examples of how oil trading companies deal with:

MARKET RISK

COUNTERPARTY RISK

POLITICAL RISK

FINANCIAL RISK

## Why attend this Summit?
